Go for it

High energy. Start things and back yourself.

Get out there

Warm and magnetic. Say yes to people.

Explore

Optimistic and curious. Go somewhere, learn something.

Say the thing

Brave and direct. Have the conversation.

Steady

Grounded and focused. Small steps, real progress.

Look back

Review, repair and reconnect. Not the time for fresh starts.

Rest and recharge

Low battery. Sleep, slow down, protect your energy.

Lie low

Short fuse, low battery. Keep plans small.

Close old chapters

Deep and tender. Work through old hurts and make peace.

Let it go

Eclipse energy. Things end and begin. Let them.
